

The screenshot displays the phpMyAdmin web interface. At the top, the phpMyAdmin logo is visible, followed by a row of icons representing various database functions. Below these are two buttons: 'Recent' and 'Favorites'. The main area shows a hierarchical tree of databases and tables. The 'karyawan' database is expanded, revealing three tables: 'New', 'alembic_version', and 'karyawan'. The 'karyawan' table is currently selected and highlighted in a light blue color. Other databases visible in the tree include 'hendriproject', 'hendriprojectuas', 'information_schema', 'mysql', 'performance_schema', 'phpmyadmin', 'projectflask', and 'tb_file_upload'.
